Career Objective

Motivated Computer Science B.Tech student with a passion for innovative projects. Skilled team player with strong analytical and problem-solving abilities. Self-motivated and experienced in using metrics to drive operational excellence. Proficient in various programming languages, databases, and web technologies. Seeking an entry-level role to leverage technical skills and contribute to building scalable and impactful products.

Professional Experience

Internship in Full Stack Development, SmartBridge

Duration [Apr2023-Present]

I developed Medley Pharma's app through a paid learning program, gaining valuable full-stack development experience.

Created a web app for pharmaceutical inventory, sales, and customer management. Used full-stack skills in React, Node.js, and MongoDB. Worked with cross-functional teams to gather requirements.

Education

SESHADRI RAO GUDLAVALLERU ENGINEERING COLLEGE	2021 – present
Bachelor of Technology in Computer Science(CGPA:8.02)	

Narayana Junior College	2018 – 2020
INTERMEDIATE (CGPA: 8.94)	

THE CENTRAL PUBLIC SCHOOL	2017 – 2018
SSC 10TH (CGPA : 9.2)	

Skills

Languages

C programming, Python, Java, &DSA

Web Technologies

Html5, CSS 3, React JS, Java Script

Databases

DBMS, MongoDB, MySQL

Developer tools

VS Code, GitHub

Certificates

- Python by GUVI
- Programming Essentials in Python, C, DevNet by CISCO
- Azure Developer Associate by Microsoft
- Software Testing, Data Analytics with Python by Nptel
- Internship in Full Stack Development-SmartBridge.

Projects

Patient Bill

This project aims to create a web application that allows users to pay their bills and even discounts based on their payments.

Medley Pharma Application

Medley Pharma is a web app for the pharmaceutical industry that offers inventory management, sales tracking, and customer communication. It uses front-end technologies like HTML5, CSS3, and React JS, and back-end technologies like Node.js and MongoDB.

Soft Skills

- Teamwork
- Problem-solving
- Communication
- Time management

Extracurricular Activities

I took part in a coding challenge at the national level and achieved a rank of 6854.
